
Meeting about Pepco!

Fed up with power outages? Couldn't make the County Council meeting?

Nancy Floreen, at-large Montgomery County Councilmember, and resident of Garrett Park, will meet with Parkside and Garrett Park residents next month to discuss the various next steps. She will be joined by Mr. Eric Friedman, Director of Montgomery County's Office of Consumer Protection. His office is coordinating the County's Pepco Work Group.

We hope that as many as possible will attend, but note that seating and parking are limited.

Bring your suggestions and questions!
